Dear Sir/Madam,

RE: Application for Software Developer Internship

I am Michelle Mbaita, an entry-level software developer writing to express my interest in a software development internship at Amitruck.

I have had a keen eye on your company and the growth you have had. I am most especially impressed by your mission to make transport logistics sustainable for Africa. Using my skills in Django, I have made a school management system that helps track, manage and organize assets.

I believe Amitruck will be an ideal place for me to sharpen my technical skills and gain experience, while at the same time contributing towards impactful projects.

Please feel free to reach me on my mobile at +254 700 061 374, or by email at [michellembaitsaa@gmail.com](mailto:michellembaitsaa@gmail.com).

Thank you for your time and consideration.

Yours Sincerely,

Michelle Mbaita
